PATHWAYS CLASS

Pathways is a class that runs for one session each week. It is held from 11.00am until 12.00pm each Thursday and is a compulsory part of the school program. Pathways has two main goals - advocacy and transition support. Each student is assigned a pathways teacher and class. The teacher builds relationships with their students and assists them to understand their strengths. An important aspect of the program is students monitoring and tracking their progress by reviewing their Student Learning Profile statements. Each student is guided by conversations with their pathways teacher, to look for improvement strategies in their performance.

Transition Support assists students to develop and instigate an individual career plan leading to further study, training and employment. Activities include Latrobe University and Sunraysia TAFE visits, Tertiary Applications, Resumes and Cover Letters for job applications and talks from service providers.

Pathways time is also set aside for assemblies, subject selections, drink drive talks and individual study time. Students need to attend to keep up to date with their learning progress and school information.
