

Furniture Making

MSF20516 Certificate II in Furniture Making Pathways

Program Details

The VET Furniture Making Pathways program will provide students with basic skills and insight into this creative industry.

Students work on a variety of projects that will develop their hand and power tool skills related to the cabinet making, solid furnishing and polishing industries.

Projects include making a kitchen cabinet, a team birdhouse project and garden furniture.

VET Furniture Making provides hands on practical skills and theoretical knowledge for students interested in Apprenticeships or a University pathway.

Contribution – VCE & ATAR

Students will receive four VCE VET units at 1 – 2 level, and one VCE VET 3 – 4 sequence.

Students wishing to receive an ATAR contribution for the Units 3 and 4 sequence of a VCE VET program must undertake scored assessment for the purpose of achieving a study score.

This study score can contribute directly to the ATAR, either as one of the student's best four studies (primary four) or as a fifth or sixth study. Where a student elects not to receive a study score, no contribution to the ATAR will be available.

Contribution – VCAL

Contribution to VCAL is determined by the number of units of competence successfully completed. When a student has been assessed as competent in units totalling 90 nominal hours, this will contribute one VCAL unit towards satisfactory completion of VCAL. Students can receive up to 4 VCAL credits for VET Furniture Making. This program will satisfy learning outcomes for the Industry Specific Skills and Work Related Skills strands of VCAL.

Structured Workplace Learning

Highly Recommended.

SWL Recognition is available to VCAL and VCE students who are undertaking a VCE VET program.

Students who complete 10 days full-time equivalent work placement in their VCE VET industry area and the three sections of the Workplace Learning Record may be eligible for one VCE credit at Units 1 & 2 level or one VCAL general credit.
